## 68 INDEX

We founded Cole-TAC in 2015 as a part-time hobby with a single sewing machine in our spare bedroom. Starting with a unique design of quality suppressor covers, our company quickly outgrew that single machine.

We have greatly expanded production and currently operate a high-tech facility in Rapid City, South Dakota that includes a retail space, 25 employees, over 90 industrial sewing machines, laser cutters, and a CNC fabric cutting machine.

Cole-TAC manufactures a wide range of specialty gear designed for long-range shooting, hunting, and other tactical applications. With a focus on unique designs and cutting-edge manufacturing processes, we create tough, durable, and innovative gear for both civilian and professional markets.

Our team includes mechanical engineers, hunters, and shooting enthusiasts who carefully design and thoroughly test our outdoor gear. Cole-TAC believes in creating American jobs, using American materials, and manufacturing American products. We live by those goals in all we do.

Cole-TAC proudly produces high volumes of complex products, all backed by our unbeatable lifetime warranty, while still focusing on meeting individual customer needs. After all, our loyal customers demand and expect exceptional gear that lasts longer, enhances performance, and exceeds expectations. We pride ourselves in supporting our customers, no matter where their mission takes them.

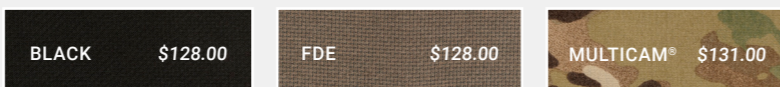

# SUPPRESSOR COVERS

## PROFESSIONAL SUPPRESSOR COVERS

### CORSET SUPPRESSOR COVER

- Materials: Kevlar, Nomex, Carbon Fiber
- Weight: 1.5 oz
- Shortest Length: 2.5"
- Smallest Diameter: 1"
- Attachment Method: Kevlar Corset Cinch Cord

#### BEST CHOICE FOR

- | Extreme Temperatures
- | Rapid Fire

#### APPLICATIONS

- Semi Auto / Full Auto
- Short Barrel Rifle
- Bolt Action Rifle
- Pistol Caliber Carbine
- Target Practice
- Hunting

MAX TEMP. **3150 °F**

## ENTHUSIAST SUPPRESSOR COVERS

### METAL PYTHON SUPPRESSOR COVER

- Materials: 500x1000D Laminated Nylon, Hook & Loop, Metal Tri-Glide Buckles, Pan Graphite Felt
- Weight: 2.2 oz
- Shortest Length: 2.5"
- Smallest Diameter: 1"
- Attachment Method: BOA Locking Straps

Starting at \$71.00 - Find Customization Options on P. 11-12

#### APPLICATIONS

- Short Barrel Rifle
- Pistol Caliber Carbine
- Target Practice
- Hunting

#### BEST CHOICE FOR

- | Hunting
- | Precision Shooting

MAX TEMP. **1800 °F**

### HTP SUPPRESSOR COVER

- Materials: 500x1000D Laminated Nylon, Woven Fiberglass, Hook & Loop, Metal Tri-Glide Buckles, Pan Graphite Felt
- Weight: 5.4 oz
- Shortest Length: 2.5"
- Smallest Diameter: 1"
- Attachment Method: BOA Locking Straps

Starting at \$98.00 - Find Customization Options on P. 11-12

#### BEST CHOICE FOR

- | Mirage Mitigation

#### APPLICATIONS

- Short Barrel Rifle
- Bolt Action Rifle
- Pistol Caliber Carbine
- Target Practice
- Hunting

MAX TEMP. **2500 °F**

### PYTHON SUPPRESSOR COVER

- Materials: 500x1000D Laminated Nylon, Hook & Loop, Plastic Tri-Glide Buckles, Pan Graphite Felt
- Weight: 1.9 oz
- Shortest Length: 2.5"
- Smallest Diameter: 1"
- Attachment Method: BOA Locking Straps

Starting at \$68.00 - Find Customization Options on P. 11-12

#### APPLICATIONS

- Rimfire / Competition
- Handgun
- Target Practice
- Hunting

#### BEST CHOICE FOR

- | Competition Shooting
- | Recreational Use

MAX TEMP. **1200 °F**

# PERFORMANCE BUILT. DESIGNED FOR YOUR SETUP.

Effective concealment depends on your environment. Our **HTP**, **Metal Python**, and **Python** suppressor covers are fully customizable, allowing you to select a color scheme that perfectly matches your gear and surroundings.

## TOTAL CUSTOMIZATION

Tailor every detail of your cover to match your gear:

- **Base Material:** Choose from a variety of colors in rugged, 1000D Cordura Nylon.
- **Hardware:** Select your preferred strap colors and buckle colors for a fully coordinated look.

## MEASURING FOR SUCCESS

To ensure peak performance, we build every cover to the exact dimensions you provide. While manufacturer websites offer general specs, we highly recommend taking your own measurements of your suppressor's length and diameter to ensure a precise fit.

When ordering, please provide the following:

- **Make and Model** of the suppressor
- **Actual Diameter**
- **Desired Cover Length**

## THE 1/4" RULE

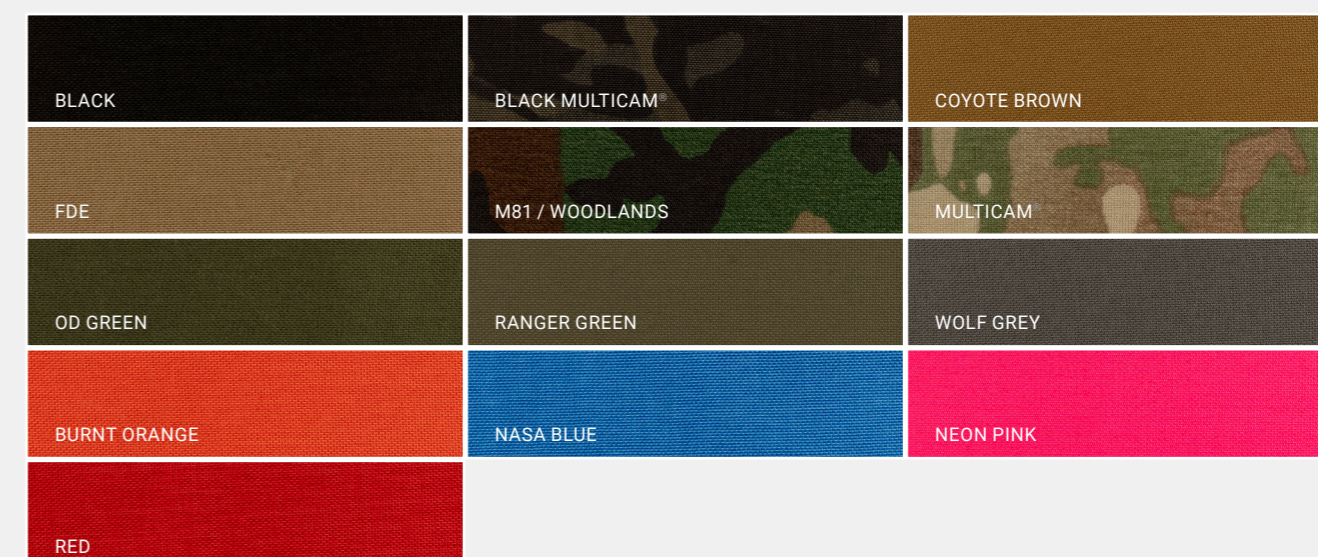

Depending on the design and intended application of your suppressor, you may want to order your cover at least 1/4" shorter than the overall length of your suppressor to ensure your cover lasts long and fits well. This "clearance margin" provides three key benefits:

- **Full Access:** Allows you to easily operate mounting features, muzzle brakes, or quick-release levers
- **Structural Integrity:** Prevents the edge of the cover from extending over the muzzle, where muzzle blast can cause fraying
- **Secure Seating:** Ensures the cover sits flush against the suppressor body without shifting

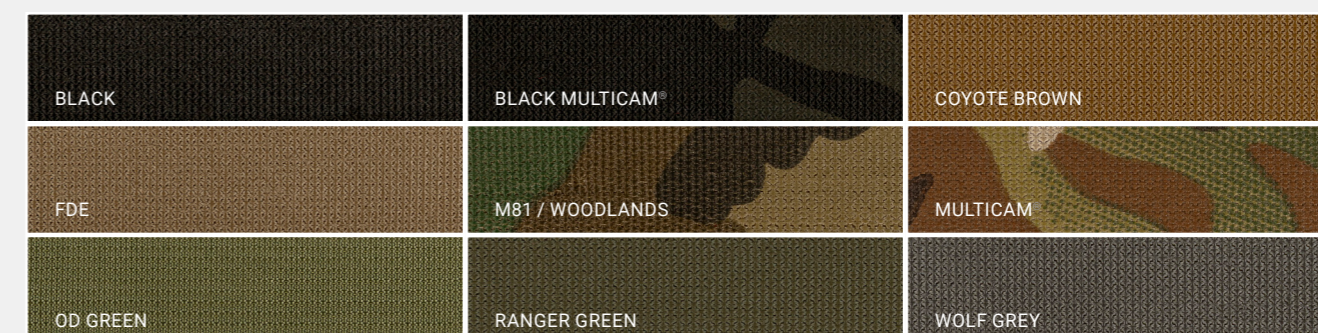

See Measurement Guide on P. 12

See Common Suppressor Sizes on P. 14

## BASE OPTIONS

## STRAP OPTIONS

## BUCKLE OPTIONS

## ADD A STRICTA CORD

(+\$8.00)

The Stricta Cord is an option on all of our suppressor covers which can be used to tie off the cover to the back of your suppressor. This option is not normally needed on most calibers but is a nice added benefit if you are going to be shooting those big cannons.

\*Plastic buckles are only available for the Python Suppressor Cover.

\*\*Metal buckles are only available for the Metal Python and HTP Suppressor Covers.

# MEASUREMENT GUIDE

The best way to ensure a perfect fit for your suppressor cover is by taking accurate measurements of your suppressor can. We require two measurements for custom suppressor covers: **Main Body Length** and **Diameter**.

## DIAMETER

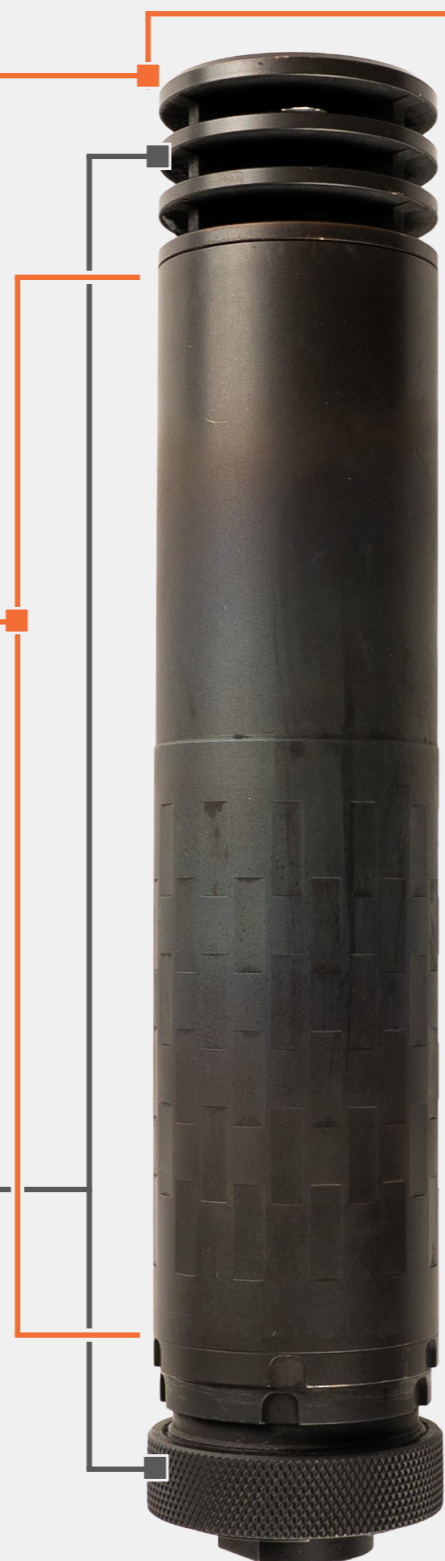

Measure from the widest point, taking the measurement from the outer edge of the diameter of the suppressor can.

## MAIN BODY LENGTH

Measure the main body of the suppressor can, excluding any attached mounts or accessories that must remain exposed.

## MOUNTS & ACCESSORIES

Be sure to exclude any mounts, breaks, or other add-on accessories that are on your can from your base measurements. Including these could lead to your cover fitting incorrectly or limiting the functionality of your suppressor.

## TIPS FOR QUICK DETACH SUPPRESSORS

When measuring for your suppressor cover, consider whether or not you would like the quick-detach area of your suppressor exposed.

As you can see in this example, the QD mount is exposed. We find it helpful to leave this mount exposed as doing so allows the user to remove and replace the suppressor without removing the cover.

If you prefer your suppressor cover to extend over the QD mount, please be sure to include the mount when you measure before ordering.

### VIDEO | WHICH SUPPRESSOR COVER IS RIGHT FOR ME?

Which suppressor cover is right for you? Cole-TAC president Dustin describes each model we offer and explains its intended use and application.

### TUTORIAL | HOW TO MEASURE YOUR SUPPRESSOR

Join Dustin as he demonstrates the proper way to measure a suppressor to ensure your Cole-TAC cover fits properly.

### TUTORIAL | CORSET COVER INSTALLATION

Learn how to properly lace our Corset Suppressor Cover, utilizing our patented internal lacing system to achieve a secure, non-slip fit on your rifle silencer.

## COMMON SUPPRESSOR SIZES

This list includes the suppressor sizes that we manufacture regularly. If you do not see your suppressor on this list, please contact us, since we may already have your suppressor's dimensions.

Please understand that all our covers are custom-made to the dimensions you give us. For the most popular suppressor brands, we have either measured the suppressors ourselves, or we have manufactured the covers and tested the sizing.

For some of the less popular suppressor brands or Form 1 suppressors, it is critical that you actually measure the suppressor. Occasionally, we have found that the size listed on a suppressor website does not accurately match the suppressor. With all of our covers and their strap systems, a window exists where some error is allowed, but please give the most accurate measurements for the best possible fit.

### ARTICLE

#### WHY YOU NEED A SUPPRESSOR COVER

Whether you're a competitive shooter, a tactical operator, or a hunter, understanding the benefits of a suppressor cover will impact your shooting experience.

### ARTICLE

#### HEAT MANAGEMENT FOR YOUR SUPPRESSOR

Suppressors are highly effective at reducing gunfire noise, but they come with a common drawback: intense heat buildup. Properly managing that heat is crucial for protecting your equipment—and preventing serious burns.

### COMPETITION RIFLE CASE

Designed with dual-layer foam, Cole-TAC's Competition Rifle Case ensures unparalleled rigidity, shielding your prized rifle from the rigors of competition and travel. This zippered, padded case is tailored for longer rifles with bipods attached, offering unrivaled protection and convenience.

The strategic angling of the handles evenly distributes stress, providing ergonomic comfort during transportation. Equipped with integrated MOLLE straps, our Competition Rifle Case provides versatility at your fingertips. You can easily attach additional accessories, adapting your case to meet the demands of any shooting scenario. Plus, the open channel at the case's base accommodates a cleaning rod, ensuring your firearm always remains in prime condition.

- Waxed Canvas Exterior
- Dense, Protective Padding
- Weight: 2.4 lbs

WAXED GREEN/COYOTE BROWN  
SKU: CC303 \$173.00

# TRIPOD ACCESSORIES

INCLUDED IN THE TRIPOD LEGGINGS V2

## TRIPOD LEGGINGS V2

Lighter, quieter, and more adaptable than ever, our leg wraps are designed to enhance your shooting experience. Crafted from laser-cut Squadron material, the Tripod Leggings V2 balance durability with lightweight design. The corset-style lacing adds grip and security, keeping your tripod steady in hand, even on tough terrain. This product comes in 10" and 15" length variations.

- Laser-cut Squadron
- Includes Tripod Shelf

## SUPPRESSED PISTOL CASE

The Cole-TAC Suppressed Pistol Case offers purpose-built, competition-minded protection for long pistols and suppressed setups. This outstanding product pairs ballistic Cordura nylon with laminated nylon MOLLE panels on both sides, allowing you to build a tailored carry system around your pistol. The interior length accommodates firearms up to 19" overall, making our case ideal for full-sized suppressed pistols, all lengths of revolvers, scoped pistols, suppressed .22s, and compact rifle/pistol builds that stay under the 19" threshold.

- Accommodates Firearms up to 19"
- 1000D Cordura Nylon Exterior Construction
- Dual-Sided Laminated Nylon MOLLE Panels for Accessories
- Buckle-Secured Handle Strap for Balanced Carry
- Dense, Protective Padding with Soft, Loop-fabric Interior

	COYOTE BROWN SKU: SPC102 \$65.00		MULTICAM® SKU: SPC104 \$70.00		RANGER GREEN SKU: SPC103 \$65.00

	RANGER GREEN SKU: BP3204 \$39.00
	WOLF GREY SKU: BP3206 \$39.00

"The Summit Bino Harness is what I would recommend to anyone looking for an extremely quiet system. I used the Summit Bino Harness on a mule deer hunt in British Columbia, and it provided me with great support and protection for my binoculars. I can also see this system working great for archery hunters."

- Marshall Jacklin, Cole-TAC Marketing Manager

### TREKKER BAG

The Cole-TAC Trekker Bag offers versatile support and comfort—serving as a stable shooting rest, a dry glassing pad, and a backcountry pillow all in one.

### NIGHT VISION GUARDIAN

Sharing design features with our Brain Bucket Bag, the Night Vision Guardian (NVG) offers the same protection of traditional hard cases with less bulk. In addition, we designed the NVG to fit into the open space of your helmet, with MOLLE-style straps on the bottom to thread through your headgear's chin strap. When paired with our Brain Bucket Bag, the NVG completes one of the most space-efficient systems to protect your valuable equipment.

- Full-length, Top-loading Compartment
- Rigid Wall Backing Provides Further Protection
- Designed to Fit the Following Night Vision Units with a Wilcox G24 Mount or Similar:
  - AN/PVS-15, AN/PVS-31, ANVIS-9, RNVG, DTNNG

Cole-TAC's engineers designed our Brain Bucket Bag and Night Vision Guardian to keep your sensitive equipment safe and secure during storage and transport. This valuable addition to your kit shields helmets and night vision from UV rays, dust, shock, and prying eyes.

## SUPPRESSOR STORAGE

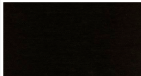

### VULCAN SUPPRESSOR POUCH

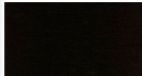

The Cole-TAC Vulcan Suppressor Pouch offers a safe, reliable way to store and transport your suppressor. Unlike ordinary pouches, it's lined with our proprietary fire-resistant material—rated to 1800°F—the same proven fabric used in our suppressor covers. No more waiting at the range for your suppressor to cool; simply slide the Vulcan Pouch over your hot can, remove the suppressor, and close the Pouch without fear of melting your gear. Our Vulcan Pouch is also compatible with suppressor covers, so you can leave your cover on while using the Pouch.

- 1000D Cordura Nylon Outer Shell
- Proprietary, Fire-Resistant Inner Lining
- Available in Short and Long Sizes:
  - Short Pouch fits suppressors up to 9" in length and 1.625" in diameter
  - Long Pouch fits suppressors up to 6.5" in length and 1.625" in diameter

### CAN CADDY

Meet the Cole-TAC Can Caddy—the essential tote for suppressor owners. With five dedicated slots, the Can Caddy securely carries multiple suppressors while keeping them protected. The lined interior adds defense against scratches and dings, while the rugged 500D nylon shell ensures lasting durability. The exterior hook-and-loop panel lets you customize with patches, making it easy to showcase your style or display your affiliation.

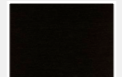

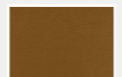

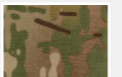

- 500D Cordura Nylon Shell
- Five (5) Dedicated Suppressor Slots
- Available in Standard and Mini Sizes:
  - Mini Can Caddy fits suppressors up to 6.5" in length and 2" in diameter
  - Standard Can Caddy fits suppressors up to 9" in length and 2" in diameter

### NOX POUCH

Our NOX Pouch combines durability and functionality and is made from advanced, laser-cut laminated material. The MOLLE backing offers seamless integration with your existing gear, ensuring your suppressor is always within reach.

- Laser-cut Laminated Base Rated to 400°F
- Innovative Adjustable Height Mechanism
- Accommodates Suppressors between 5" and 7.5" in length and up to 1.75" in diameter

	BLACK SKU: SH101 \$40.00		BLACK MULTICAM® SKU: SH105 \$45.00

**PRECISION RIFLE SERIES**  
CHAMPIONSHIP SHOOTING SERIES  
OFFICIAL TRIPOD ACCESSORY OF THE PRS

### TRIPOD BIRD BOX

The Cole-TAC Bird Box is a must-have pouch for precision shooters and hunters, offering streamlined storage right on your tripod. Its dual-zippered main pouch, MOLLE panel, and mesh pocket keep gear, notes, and mags organized and accessible. A four-point cord-and-toggle system secures it to the tripod head and legs for a stable, reliable fit in the field or at the match.

- Spacious Main Pouch with Dual-Zippered, Pull-Down Accessibility
- Outer MOLLE System
- Outer Mesh Pocket
- Four-Point Anchor System

## FIELD TOOL POUCHES

### CHRONO POUCH FOR THE GARMIN XERO®

When Garmin released the Xero Chronograph, we were excited to get our hands on one; unfortunately, we noticed a case was not included. We designed and crafted this zippered pouch to protect and conveniently carry your Xero chronograph, with or without the Area419 ARCALOCK Arm.

- Fits Garmin Xero Chronograph
- 500D Cordura Construction
- Stretch Retention Pocket
- Closed-cell Foam Padding

## EVERYDAY BAGS

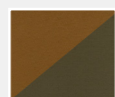

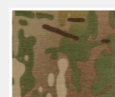

### COLE-TAC DAYPACK

Cole-TAC's Daypack resulted from an experiment in constructing an incredibly lightweight, simple pack suitable for a day of hiking, shooting, hunting, or other outdoor activities. Designed to be as compact as possible, the Cole-TAC Daypack weighs only 10.4 ounces while providing up to 18 liters of internal storage space. The 500D Cordura construction not only makes our Daypack strong and durable but also allows you to fold and stow the Daypack in a large pocket when not needed.

- 500D Cordura Construction
- Internal Volume of 18L / 4.75 Gallons
- Incredibly Lightweight at 10.4 Ounces
- Rear Elastic Lacing for Additional Storage
- Padded, Mesh-Backed Shoulder Straps
- Sewn Hook and Loop for Patches
- Interior Organization Pocket

### GROCERY GETTER

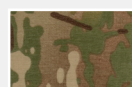

Stay organized with the Grocery Getter, featuring a front pocket, key snap, and MOLLE-compatible webbing. The rugged 500D Cordura shell paired with a water-resistant 1050D ballistic nylon bottom delivers exceptional durability, while the bright orange lining makes contents easy to spot—even in low light. Built tough, this bag is ready for anyone.

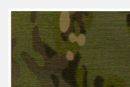

- 500D Cordura Nylon Shell
- Water-Resistant 1050D Ballistic Nylon Bottom
- Infinity-X Reinforced Handles
- 5" Wide x 15" Deep x 15" Tall

### POPCORN BAG

The Cole-TAC Popcorn Bag weighs nothing, packs down to nothing, and keeps that essential equipment easily accessible in cavernous rucksacks. Our Popcorn Bag compresses your gear into an easy-to-pack shape, and a pull loop on the Popcorn Bag makes it easy to retrieve from a tightly packed backpack.

Whether you're segmenting your medical equipment based on injury, keeping your camping toiletries squared away, or stashing some spare mags, the Popcorn Bag will keep you from pulling out your hair trying to locate what you need.

- 500D Cordura Nylon Base
- Pull Loop for Easy Retrieval
- Packs Flat During Storage

## SCOUT RIG

Designed for versatility, this all-in-one chest bag from Cole-TAC is perfect for hunting, fishing, hiking, and any other outdoor activity where quick access to your gear is essential.

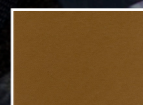

The kangaroo-style back pocket keeps your phone secure yet accessible, while a side stretch pocket holds small items. MOLLE webbing on the opposite side and bottom allows for customization with additional gear or pouches.

Its lightweight harness ensures all-day comfort, and the main zippered compartment, front pocket, and interior loop webbing (compatible with Cole-TAC's Elastic Organizers) keep your essentials organized and secure.

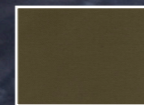

- Internal Volume: 1 Gallon
- 500D Cordura Nylon Base
- Kangaroo-Style Back Pocket
- Convenient Side Stretch Pocket
- MOLLE Webbing on Two (2) Sides
- Internal Hook and Loop Patches

## MULTI-CELL ELASTIC ORGANIZER

Crafted from elastic stretch fabric with a hook-and-loop backing, Cole-TAC's Multi-Cell Elastic Organizer keeps your gear secure and accessible. Use it to organize fanny packs, backpacks, bino packs, or any setup where quick access is key. Available in three cell sizes, our Multi-cell Elastic Organizer accommodates a wide variety of equipment. Designed to integrate seamlessly with our SERE Sack and Scout Rig, this useful product can also be added to nearly any system you already run.

- Elastic Stretch Fabric
- Hook-and-loop Construction
- Available in Two-, Three-, and Four-cell Variants

## SIDE CAR POUCH

The Cole-TAC Side Car Pouch keeps your rangefinder or other essentials secure and accessible on the side of your pack. Built from water-resistant fabric with an integrated rainfly, our Side Car Pouch protects your gear, even in the harshest conditions.

- 500D Cordura Nylon Construction
- MOLLE Attachment System

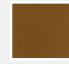

# SUPPORT BAGS

### BITTY BAG 4.5" x 3.5" x 2"

Cole-TAC's Bitty Bag is perfect for pistol zeroing and keeping your pricey rifle off the rocks.

- Water-Resistant 500D Cordura Nylon Construction
- Adjustable Fill Volume
- Loop for Keychains and Carabiners

 BLACK SKU: BSB101	\$35.00	 BLACK MULTICAM® SKU: BSB105	\$37.00	 BURNT ORANGE SKU: BSB109	\$35.00

 WOLF GREY SKU: BSB106	\$35.00				

### BOSS BAG 6.5" x 7.5" x 2"

Our Boss Bag's adjustable strap cinches the bag into a firm, easy-to-grip shape and allows you to fine-tune your rifle's elevation. Fully tightened, the bag's height increases up to 1 inch.

- 1000D Cordura Canvas Construction
- Non-Absorptive Polymer Fill
- Height Adjustable up to 1"

 BLACK SKU: BB1001	\$36.00	 BLACK MULTICAM® SKU: BB1005	\$36.00	 COYOTE BROWN SKU: BB1002	\$36.00
 MULTICAM® SKU: BB1003	\$36.00	 RANGER GREEN SKU: BB1006	\$36.00		

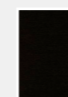

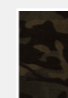

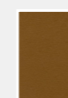

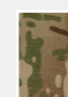

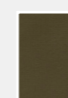

### FLAT BAG 8" x 5" x 2.5"

Our engineers developed the Cole-TAC Flat Bag with our Backbone Bag System in mind. Its slim profile provides ample support in tight spaces, on posts, or against barricades.

- 1000D Cordura Nylon Construction
- Non-Absorptive Polypropylene Fill
- Compatible with Cole-TAC's Backbone Bag Frames

 BLACK SKU: FB201	\$35.00	 BLACK MULTICAM® SKU: FB205	\$35.00	 COYOTE BROWN SKU: FB204	\$35.00

 COYOTE BROWN SKU: TB2002	\$73.00
 MULTICAM® SKU: TB2003	\$73.00
 RANGER GREEN SKU: TB2004	\$73.00

### TRAP BAG 12" x 3" x 7"

Designed to conform, the Cole-TAC Trap Bag forms a smooth, flat surface over posts, barricades, and irregular objects so you can take long shots with confidence. Named for its trapezoid shape when laid flat, the Trap Bag functions as a rear bag or a barricade rest and folds over contours while still offering a stable surface to balance your rifle.

- 1000D Cordura Nylon Construction
- Lightweight Polypropylene Fill
- Compatible with Cole-TAC's Backbone Bag Frames

 BLACK SKU: TC1001	\$121.00
 BLACK MULTICAM® SKU: TC1009	\$121.00
 COYOTE BROWN SKU: TC1002	\$121.00
 MULTICAM® SKU: TC1003	\$121.00
 RANGER GREEN SKU: TC1005	\$121.00

### TRICORNE BAG 9" x 8" x 5"

Our Tricorne Bag takes its name from the tricorne hats worn centuries ago. Designed with three independent chambers, the Tricorne Bag provides fast, reliable support across diverse obstacles. In addition, the large grab handle and sewn-in sling attachment loop provide fast maneuvering between positions.

- 1000D Cordura Nylon Construction
- Lightweight Polypropylene Fill
- Compatible with Cole-TAC's Backbone Bag Frames

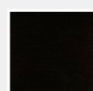

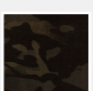

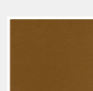

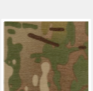

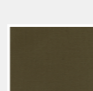

## CUDDLE BAG

12" x 8" x 10"

The Cole-TAC Cuddle Bag offers endless versatility with two elastic straps and a quick-adjust shoulder strap. This lightweight rifle support bag can fill the gap between your shoulder and knee, your butt and the ground, under your rifle, and much more.

- 1000D Cordura Nylon Construction
- Lightweight Polypropylene Fill
- Detachable Shoulder Strap

	BLACK SKU: CB201 \$97.00		BLACK MULTICAM® SKU: CB205 \$97.00
	COYOTE BROWN SKU: CB204 \$97.00		MULTICAM® SKU: CB202 \$97.00
	RANGER GREEN SKU: CB209 \$97.00		

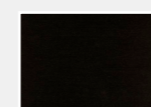

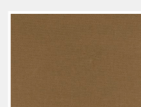

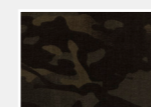

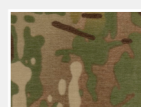

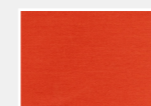

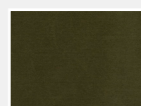

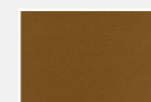

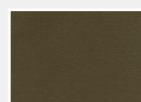

## MEGA BAG

(Filled) 12" x 14" x 18" (Unfilled) 9" x 6" x 3"

With the popularity of our Cuddle Bag, we decided to take it up a notch. The Cole-TAC Mega Bag is that over-sized large rifle support bag that allows you to fill gaps in your shooting positions. This large, rifle support bag can fill the gap between your shoulder and knee, your butt and the ground, under your rifle, and much more.

With the Mega Bag's large size, shipping is rather expensive, so we decided to offer an unfilled option to save you some money. Most Wal-Marts will carry bean bag chair filler that can be used to fill the bag after you receive it. The zipper allows easy filling, and you can then control the amount and type of fill. If you chose the filled option, we will send the Mega Bag pre-filled.

- 1000D Cordura Nylon Construction
- Lightweight Polypropylene Fill
- Detachable Shoulder Strap

	BLACK [Filled] SKU: MB1001 \$177.00 [Unfilled] SKU: MB1101 \$117.00		FDE [Filled] SKU: MB1006 \$177.00 [Unfilled] SKU: MB1106 \$117.00

	RANGER GREEN SKU: LCB209X \$76.00		

## BACKBONE BAG FRAMES

### ARCA MOUNT

Designed for Arca rail systems—our top pick for precision rifle shooters.

SKU: BF1001  
\$98.00

### PICATINNY MOUNT

Designed for Picatinny rail systems—our top choice for tactical shooters and AR platforms.

SKU: BF1002  
\$98.00

### ARCA SQUARE MOUNT

The male side of the Arca system—made for connecting support bags to female mounts or tripods.

SKU: BF1003  
\$51.00

## EQUIPPING THE BACKBONE BAG FRAME

Attaching the Cole-TAC Backbone Bag System is simple. Position the frame on the support bag, aligning the four hook-and-loop straps with the frame's corners. Thread the straps through the frame, alternating corners to keep the tension even. Once the position and tension are adjusted, your support bag is ready to use.

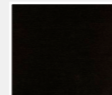

The Backbone Bag Frame from Cole-TAC represents the next evolution in support bags. Its hard-coat anodized frame mounts to your rifle using either an American Defense Picatinny or Area 419 Arcalock mount. Four hook-and-loop straps hold the bags firmly in place, while the broad surface area prevents twisting or shifting. The Backbone Bag System works seamlessly with our Trap Bag, Flat Bag, and Tricorn Bag.

### WOOBIE BAG STRETCH

7" x 4.5" x 4.5"

Made with exceptionally durable, soft, and lightweight stretch fabric, the Cole-TAC Woobie Bag Stretch allows for an even greater range of adjustment when aligning that perfect shot.

- Stretch Fabric Construction
- Lightweight Polypropylene Fill
- Built-in Grab Handle and Sling Attachment Loop
- Height Adjustable up to 1¼"

Cole-TAC's engineers designed the Woobie Bag to help shooters steady their important shots. The Woobie Bag's cylindrical shape provides a comfortable and secure grip to steer your elevation perfectly. Our lightweight polymer fill gives the proper flow, consistency, and weight to have your rifle settle in and take your perfect shot. In addition, the large grab handle and sewn-in sling attachment loop provide fast maneuvering between positions.

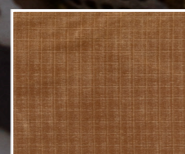

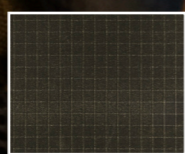

### WAXED FLAT BAG

8" x 5" x 2"

The Waxed Flat Bag from Cole-TAC features a rugged waxed canvas exterior that provides a natural, non-slip "tackiness" for superior grip on barricades while offering exceptional water and abrasion resistance.
